On Friday May 9, 2019, members of the Epsilon Phi Chapter of the Omega Psi Phi Fraternity, Inc., in conjunction with the Commission on Aging of the Mid-South, gathered in front the Walmart Store at 7525 Winchester Road to solicit funds from the citizens of Memphis to purchase fans for the elderly citizens of Memphis. In the summer of 1998, the City of Memphis experienced a rash of heat related deaths to our elderly community. Brothers Joel Weathers and Commodore Primous presented to the Brotherhood a plan to raise money for the sole purpose of purchasing fan that would be given to the senior citizens in our community to help give some relief from the oppressive Memphis summer heat. That year, the Chapter collected enough money to purchase 50 box fans. This year, WHBQ Fox 13 TV News provided coverage of this event during the early morning, mid-morning, and evening newscasts. Fox 13 also created a flyer for us to post on Facebook. In addition, the Mid-South Commission on Aging provided two employees from their office to assist the Brothers. Each Brother was asked to purchase one box fan. This year, the Chapter was able to collect enough donations to purchase all of the 20" box fans that Walmart had in stock. **We purchased a total of 400 fans.** The committee would like to thank the Brothers that volunteered to work in the summer heat to help solicit funds from the public. And we want to thank the citizens for your generous donations of fans and money to help the most vulnerable in our community. Also, thanks to all the Brothers that donated money to purchase the fans and to help make this event a huge success.

Because of your physical and financial support thirty-two young people had an opportunity to hone and showcase their talent in the Track & Field arena on a National level, thus increasing their chances of obtaining a college scholarship.

Fast and Furious Athletics believes the sport of track and field promotes intellectual and emotional growth through teamwork, sportsmanship, and competition. We are committed to reducing childhood obesity with our program. Our program encourages all children regardless of their athletic ability to become more active and develop better eating habits. Our program consists of competitive walking, running, throwing and jumping. Children that are involved with our program are more likely to develop healthy lifestyle changes that are continued into adulthood. This will decrease their chances of developing conditions such as diabetes, heart disease, and strokes.

We had four graduating seniors, all of which received college scholarships Our cupboard is by no means bear.

**Emanuel Bynum**, our lone returning senior is ranked in the top five nationally in the 200 and 400 meter dashes and already has several scholarship offers.

These four girls medaled in the 100, 200, long jump, 200 hurdles, and 400 relay in the 13/14 age group.

Twenty eight of our thirty one athletes qualified for state competition.

**Thanks again for your support!!!**
